THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

THE ISSUE FEE AND PUBLICATION FEE (IF REQUIRED) MUST BE PAID WITHIN THREE MONTHS FROM THE MAILING DATE OF THIS NOTICE OR THIS APPLICATION SHALL BE REGARDED AS ABANDONED. If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

If an equivalent of Part B is filed, a request to reapply a previously paid issue fee must be clearly made, and delays in processing may occur due to the difficulty in recognizing the paper as an equivalent of Part B.

III. All communications regarding this application must give the application number. Please direct all communications prior to issuance to Mail Stop ISSUE FEE unless advised to the contrary.

IMPORTANT REMINDER: Utility patents issuing on applications filed on or after Dec. 12, 1980 may require payment of maintenance fees. It is patentee's responsibility to ensure timely payment of maintenance fees when due.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance.

The instant inventors have pending applications and issued patents with subject matter similar to that in the instant claims, i.e. applications 10/949,975 and 10/082,018, and US Patents 6,593,463 and 7,354,594.

In the Action of 11/21/08, double patenting rejections were made over US 7,354,594 and copending application 10/949975.

The double patenting rejection over US 7,354,594 is withdrawn in view of the terminal disclaimer filed 5/29/09.

The provisional double patenting rejection over copending Application No. 10/949,975 is withdrawn because the '975 application is a continuation of the instant application, but has not been allowed. The instant application is in condition for allowance and constitutes the base invention, so no terminal disclaimer over the '975 application is required for the instant application to issue.

The 10/082,018 application was allowed on 9/17/07, 12/10/07, and 6/5/08, and has issued as US 7,501,553. The '018 application and the instant application have the same effective filing date. The allowed claims overlap the instant claims in scope, and a terminal disclaimer over the instant claims was filed in the '018 application. The instant claims are broader, so the instant application is considered to claim the "base invention" according to MPEP 804(I)(B)(1), so no terminal disclaimer over the '018 claims is required in the instant application. Note that a terminal disclaimer over US 7,354,594,

Art Unit: 1635

will result in the instant application, the '018 application, and the '594 patent all being linked by terminal disclaimers.

US 6,593,463 claims nucleic acids useful for making transgenic animals. Claims to nucleic acids were restricted from claims to transgenic animals in the '463 prosecution history. The nucleic acids of '463 could be used to make the transgenic animals recited in the instant claims. However, these nucleic acids could be used for a another patentably distinct purpose such as producing the encoded protein in isolated cultured cells. Neither the instantly recited method steps nor the transgenic animals are considered obvious over a nucleic acid that could be used as a starting material, but which also has other uses, in the absence of secondary references and a motivation to combine them. It is noted that the instant specification and the specification of '463 show that a native unmodified MSP-1 open reading frame was not expressed in mammalian cells, whereas the modified nucleic acids of the '463 claims allowed expression in a mammalian host. This is considered a secondary consideration sufficient to overcome an obviousness rejection based on combined references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

NOTE TO PRINTER:

AN AMENDMENT TO THE

SPECIFICATION WAS MADE ON

7/9/2001. PART OF THIS AMENDMENT

HAS BEEN INDEXED UNDER "CLAIMS"

BECAUSE IT WAS MADE ON THE SAME

PAGE AS CLAIM AMENDMENTS

(AMENDMENTS ON A SEPARATE PAGE

WERE NOT REQUIRED IN 2001).
